To the Electors of the Yale, Lytton and Kootenay District.

GENTLEMEN,—Having a sincere desire to see these districts, this Province, and the whole Dominion prosper, I wish to give a helping hand to those patriots who labor for the moral and material wellbeing of our people.

I therefore offer myself as a candidate to represent you in the Ottawa House of Commons.

If I am elected I will strive to uphold the honor, peace and safety of the people; encourage our prosperity, and develop our resources.

I will vigorously uphold all measures tending to our good, and with like vigor, oppose all derogatory to the good of our country and people.

I promise to be never remiss to represent the petitions of my constituents, when right and reasonable; and intend when practicable, consulting them upon the waste &c. of these districts.

If you have made, or likely to make a better choice, I will not oppose your man, but will assist in electing him.

Your servant

DR. CHING FUN—A CARD.—EDITOR STANDARD:—Through the medium of your paper I want to state the nice card-case that you have done me by Dr. Ching Fun, of this city, assistant to Luke Lee & Co. For 24 years I suffered with neuralgia on the head, which boiled the skull of three first-class American physicians. Lastly I was attached, my right lung, and my cough became very bad. I was almost a skeleton, and my friends believed that I could not live. I was then advised to consult Dr. Ching Fun, and after six months treatment I am a well man and feel that I should thank the ancient Chinese gentleman's system (see books) of this all my country men and women who are afflicted and find relief. Independent Journalism.

That the press wields a potent influence for good or evil upon society, no intelligent person nowadays will gainsay. Political newspapers may be divided into two classes,—the obsequious, fawning, toadying journal, and the free and independent. The first is an institution that has for its object and end one sole idea, and that is to make money, honestly if it can, but, whether or no, make money. Every other consideration must bend to this one central idea. Truth, honor, virtue, the public welfare, and even private reputation must be no impediment in the way of the accomplishment of this purpose. There is nothing so sacred as to be beyond the reach of its poisonous influence, or so vile as to be beneath its patronage, if it can but profit thereby. Like the chameleon, it is ever ready to change its moral or political complexion as its pecuniary interests may dictate. The second represents that class which takes an honest, straightforward, and comprehensive view of men, measures, and events, deals with them according to their merits, presents its readers with both sides of questions, supports what is right and condemns what is wrong from whatever source they emanate, and declines to be the slavish tool of any party or faction however powerful in influence or exalted in station. Of the first class, the *Colonist* is the acknowledged representative in this Province; it is the purpose of the STANDARD to represent the second class. In pursuance of what we conceived to be our legitimate duty as an independent journalist, we gave publicity a few days ago to an extract from a Nova Scotia paper, in which the writer indulged in criticisms not of the most complimentary character concerning the Hon. J. H. Gray, appointed to a Puisne Judgeship in this Province by the Dominion Government; and subsequently we published some extracts from the Toronto *Globe* relative to Sir Francis Hincks, the present member for Vancouver District, which our contemporary is pleased to characterize as "the dissemination of Grit poison in this Province." Now, if the *Colonist* has so poor an opinion of the intellectual capacity of its readers that it dare not trust them with a view of what can be and is said on both sides of public questions in which they have a direct interest, all we can say is we regret it should deem it necessary to rate them at so low an intellectual figure. We believe, in this respect it does them a positive injustice. It is no infrequent occurrence even for the *Colonist* to dilate upon the general intelligence of the people of British Columbia, their capacity to deal with public measures, and their eminent fitness to discharge all the duties of enlightened citizens; and yet in the face of all this it has the presumption to tell us that we should never give publicity to any article of a political nature reflecting upon the Government of Sir John A. Macdonald, or any act of that Government, unaccompanied with notes or comments, lest thereby 'Grit poison" should be instilled into their untutored minds. We aim to keep our readers posted not alone on what is well pleasing to Sir John A. Macdonald & Co., or J. F. McCreight & Co, but also what the Opposition have to say against them. In this way our readers will be enabled to judge them according to their merits. To cover up their faults and proclaim only their virtues, is to do justice neither to them nor the public. While we disclaim being the slavish tool of either Macdonald or Hincks, we have no hesitation in declaring our respect for and confidence in the Government of which these gentlemen are leading members. The records of the House of Commons as well as the files of the STANDARD afford the best evidence on this point. We are prepared to give the present Dominion Government a generous support so long as we conceive the policy of that Government to be conducive to the interests of the Dominion as a whole and to this Province in particular. But we are not prepared to play the sycophant to John A. Macdonald or any one else. In the first place we do not think such a policy necessary. We entertain the opinion that the present Government of the Dominion is entitled to the confidence and support of the representatives from British Columbia, and they will certainly receive it—but it will not be a blind support, such as the *Colonist* would have us bestow, but a support based upon merit and manly independence.

Capers of Lightning.

The lightning cuts up some queer capers sometimes, and a narrow escape from death is told by one of the Connecticut papers: "The electric fluid entered at the window of a room in the second story where a boy lay in bed, but not seeing it, it leaped across the room to the wall, tearing the bed to pieces where the boy lay, and tore both the sheets on the bed into fragments, scorching one badly, but leaving the boy unharmed. It ripped lath and plaster from the wall and scattered them all over the room. Then it descended to the lower floor, and into a closet, smashing a large quantity of crockery. It buried two lamps from the mantle piece in the kitchen across the room, overturned and smashed a clock on the other side of the chimney, and then separated into three bolts, two of which went down through a brick hearth into the cellar, while a third went out at the side of the house, ripping the boards in pieces. The boy, wild with fear came running down stairs, entirely naked, and don't recollect whether he took on his night-shirt himself, or whether the lightning took it off for him. He was entranced not even stunned. He said that he lay 'cuddled' down into the bed (a large feather bed), with the clothes drawn up over his head so that he could not see the lightning, and that there was a noise as if some one had fired a cannon in his ears, that there was a burning heat and a general tumbling up of everything, and that he thought he had stayed there about long enough and so went down stairs."

W. Ambrose has removed his Cigar and Tobacco Stand from the corner of Broad and Johnson streets, to the store next to Shotbolt's drug store, Johnson street. Don't forget to give him a call.

Report of the Ladies' Aid Society of Wesley Church.

EDITOR STANDARD:—The Committee, in presenting the first Annual Report, congratulate the Society on the success which has attended their efforts during the year. In this success we would acknowledge the blessing of the Great Head of the Church in whose name and for whose cause the Society was organized.

The amount raised by the "Socials" is $616 40. Ten entertainments were given during the winter,—eight by private parties, one by the young ladies, and one by the young gentlemen of the congregation. The amount expended on the Parsonage was $343 47½; and $247 92½ was expended on the church in seating the Lecture Room, the latter having been done exclusively by the young ladies. Ninety-five dollars, the proceeds of the young gentlemen's Social, were given to the Trustees for church extension, leaving a balance on hand of $32.

While the financial result has been very encouraging, the Committee is persuaded that the social and moral effect of the Socials have been no less gratifying.

The necessity this year for the continuance of our efforts is greater than it was last season, on account of the debt incurred by the enlargement of our church.

We sincerely hope that the object of this Society will be sufficient to induce all the ladies of the congregation to unite with the Ladies' Aid and help on this christian work.

We cannot close without expressing our thanks to the parties who furnished Socials during the past season, and especially to the young ladies and gentlemen. All of which is respectfully submitted.

"THE SCISSORS."—A "local print," with any amount of brains, having devoted two leaders and two paragraphs to the STANDARD for not commenting upon a "clip" which it inserted concerning our new Judge, and Sir Francis Hincks, will surely have material for a month of Sundays from the extracts given yesterday, clipped, too, from *eight* Canadian journals, and without a word of comment. Poor Granny *Colonist*, it is nearly all up with you, so we excuse your sourness. The speciousness with which you are afflicted, is fast telling upon you, and our advice would be, use an *honest* scissors. We don't require that you shall comment upon all of your selections; they are rather numerous.

CONNECTION.—It is only fair that we should correct an error which appeared in our report of the meeting of the Board of School Trustees held last Tuesday evening, and upon which our local contemporary based the whole of yesterday's leading article. The Acting Superintendent, in his reply to the communication of the Trustees, was made to say that the salaries of the teachers would be paid to him upon application at the Treasury; whereas his statement was—that the salaries would, upon application at the Treasury, be paid—meaning, of course, to the person properly appointed to receive them.

SIR FRANCIS WILL NOT RETIRE.—The Montreal *Daily News* contradicts an idle rumor which was afloat in Canada. It is as follows: "We are authorized to state, that there is not the shadow of truth in a statement in the *Herald* of this morning, that Sir Francis Hincks has intimated his intention to retire from public life. On the contrary, our able and distinguished Finance Minister will retain his position in Sir John A. Macdonald's Government for, at least, another term (five years)."

NEW BLOOD.—A splendid Durham bull, which was purchased in California, and brought up in the Prince Alfred, by Mr. Allison of Semilkameen, was shipped to that gentleman's ranch yesterday, per steamer Enterprise. The animal excited the admiration of several judges of stock, who pronounced it to be the finest bull yet imported to this Province. There were also on board, eleven Cotswold rams, imported by Messrs. Harper Brothers, Clinton, for the improvement of their flocks.

ARRIVAL OF THE DOUGLAS.—The Douglas arrived at half-past four yesterday from Comox, Nanaimo, Cowichan and Salt Spring Island. She brought down 2 horses, 4 head of cattle, 2½ tons of stone from Newcastle quarry, and a lot of poultry, game, etc. Twenty-five passengers also came down, among whom were Mrs. Lindsay and child, Miss Baillie, Captain Musters, Senator Carroll, Gen. Mr. Robertson, Messrs. Anderson, Askew, Richards, etc. From Nanaimo, on Wednesday last, the Douglas towed to sea the barque Union.

COWICHAN.—Hons. Robertson and Carrall, who arrived from this district yesterday, had good sport, shooting and fishing. They brought home goodly samples of field and flood. Hayward's logging camp, Chemainus, has been broken up for the season, and the hands came down by the Douglas. Miss Fry was crossing a rotten bridge, on horseback; the bridge gave way, and we are sorry to say the young lady sustained some injury.

COMOX.—A public meeting was held in this district, at the house of Mr. Duncan, on the 23rd inst., for the purpose of discussing the Municipality Act, 1872, with a view to its introduction into the settlement. Mr. Coleman was called to the Chair. Quite a lengthy discussion ensued, a summary of which we hope to lay before our readers in a day or two.

"WANT OF A HARBOR MASTER."—The Captain of the Prince Alfred was again, on this trip, compelled to moor a buoy off Hospital Point, in order to get out of port. It is high time the notice of the proper authorities was directed to the want of a buoy, to replace that now submerged.

AUCTIONS.—A sale is announced this morning of property by auction, in the Comox district. Plummer & Pagden advertise a sale of effects, comprising toys, plated ware, basket ware, etc., to be held in the premises of the English Bazaar, Government street.

BASE BALL.—A game was played recently in Toronto between the typos of the *Leader* and *Mail*. The latter beat. The STANDARD has been thinking for some time to challenge "the organ" to a friendly "bout," and it thinks it would have a *Mail* result.

FOR SKEENA RIVER.—The H. B. Co.'s steamer Otter will sail for Skeena river on Monday, October 7th.

Police Court.

[Before A. F. Pemberton, Esq.]

FRIDAY, Sept. 27.

Antoine, given in charge to Constable Black by Charles Sanley, charged by the plaintiff with assaulting him, Sanley. Remanded till Monday. A second charge, resisting the officer in the execution of his duty, was preferred. Remanded likewise till Monday.

John Nichols was charged by the officer mentioned above with attempting to rescue a prisoner from said officer. Remanded until Monday.

Simon Alhambro was arrested at the instance of John Mantabe, and brought up in Court on a charge of shaking his (Simon's) fist in John's face. Ordered to enter into his own recognizance in $25 to be of good behavior for three months; in default of which 14 days in prison.

THE N. A. B. COMMISSION.—The Toronto *Leader* of the 6th publishes the following: Capt. S. Anderson, Capt. Featherstonhaugh W. J. Galway, with 44 rank and file of the Royal Engineers, arrived here from Chatham, England, last evening. They leave for Collingwood *en route* for Garry this morning. They are sent out by the Imperial Government to undertake the survey of the boundary line between the United States and Canada in the Northwest. The party include Surveyors, Engineers, Draughtsmen, Stenographers, Photographers, Farriers and Blacksmiths. The expedition is expected to occupy five years. The party will be stationed at Fort Garry during the coming winter, and will commence their labors in the spring. Dr. T. W. Burgess, of Toronto, has been appointed Surgeon, and Mr. J. W. Boswell, of Toronto, as Veterinary Surgeon, to the expedition. The latter gentleman left Toronto for St. Paul about a week since to purchase the necessary number of horses, &c for the expedition.

ELECTION IN BRITISH COLUMBIA.—We learn that the Union candidates—Messrs DeCosmos and Nathan—have been returned in British Columbia as members of the Dominion Parliament. SAN FRANCISCO, Sep 5.—Despatches received here, state the election for members of the Canadian Parliment just concluded was very exciting, and resulted in the re-election of Messrs. DeCosmos and Nathan.—*Toronto Leader*.

FOR THE MAINLAND.—The Enterprise left at nine o'clock yesterday morning for New Westminster, with 35 passengers, the up-country mails, and a small freight. Among the passengers were Mrs. Pooley, Mrs. Tait and family, Messrs S. P. Moody, A. Watson, Bowie, and Welch. Twenty of the prisoners from the gaol were taken up to be lodged in the New Westminster prison.

RE-OPENING OF THE ALEXANDRA BRIDGE.—The following is a copy of a telegram received yesterday from the Government engineer, Mr. Bulkley:—

"YALE, September 26th.

The Alexandra Bridge will be re-opened for general traffic on Tuesday next, the first of October."

TREASURE SHIPPED.—Messrs. Wells, Fargo & Co. shipped per Prince Alfred, yesterday morning, bank treasure as follows:—W. F. & Co., $18,763; Bank B. C., $24,552 17; Bank B. N. A., $11,280 93. Total, $54,596 10.

NEW GOODS.—Messrs. Mann & Co., the saddlers of Fort street, amongst other goods they have just received, have a handsome display of jockey hats and jackets, in the gayest of colors, and of the finest material.

THE EUREKA MINE.—Mr. S. P. Moody, accompanied by Mr. Bowie, a mining engineer from San Francisco, left per Enterprise yesterday to inspect the mine; Mr. Bowie will report in San Francisco.

THE NEW MAGAZINE.—The first number of the B. C. Parish Magazine will be issued on the 1st of October next, and quarterly thereafter. Attention is directed to notice in our advertising columns.

School Affairs in Lake District.

EDITOR STANDARD:—Will you please allow me a small space in your valuable columns, to let you know how the school is conducted in Lake District. The teacher of that school makes himself to be felt, striking the scholars about the head. He struck one of the scholars one day last week so badly, his nose bled so that he drove him out of the school. Now I do not think that is right; there are plenty of places without striking a boy on the head. By the time he has done beating them on the head, and thereby set them aching, boys cannot study much of their lessons. He went so far as to take a broomstick to them. One has left on that account, and if there is not a stop put to it he will lose them all, I am afraid. When I used to go to school, the teacher struck the scholars on the hand. I could inform you of more facts, only I have intruded too much already; therefore I hope these things will be seen after.

EASTERN STATES.

NEW YORK, Sept. 25—A lengthy address to the Democrats of the United States is issued by a committee of the Louisville Convention. It explains the object of the assemblage, renounces the Baltimore platform as not Democratic, and contends that the Democracy did not demand the nomination of Greeley. The address concludes by invoking all Democrats to vote for O'Connor and Adams.

The official statement shows a decrease in the county expenditures for the year ending Sept. 1st, as compared with the previous year, of nearly two million dollars.

The investigation into the Bienville disaster is postponed until to-morrow.

The story that Forrester would confess who the real murderer was, providing he is pardoned, is untrue.

John McKeon, counsel for Stokes, says he sees no reason for a change of venue. The new trial will take place next month, but McKeon says he will be unable to conduct it on account of ill health.

DESMOINES, Iowa, Sept. 25—The O'Connor Democrats held a State Convention to-day and nominated State officers.

CLEVELAND, Sept. 25—The National Steamboat Convention have organized a permanent National Board.

NEW YORK, Sept. 25—It was discovered to-day that during the past week, silks amounting to from $100,000 to $180,000 were stolen from a public store. No trace as yet as to who the robber is, or the means employed to get the goods out of the building.

EUROPE.

The London *Times* of Sept. 14th, copies the following from the *Pall Mall Gazette*:—The *Patrie* proposes to be able to guarantee the perfect authenticity of the announcement it makes, that the Government of Prussia has finally resolved upon the construction of a monster canal to connect the Baltic with the North Sea; and doubtless, it says, will be defrayed out of the French indemnity. The preliminary estimate and plans are already in existence, and in order to study the matter with sufficient minuteness, defer beginning operations. A corps of engineers and surveyors has been appointed to proceed to the spot.

LONDON, Sept. 25—The English Court has gone into mourning on the death of the King of Sweden.

Princess Hohenloh, sister of Queen Victoria, is dead.

Newspaper correspondence in relation to the abuses practiced upon steerage passengers continues, and special communications are published this morning bearing testimony to the statements of the bad treatment. Several of the steamship lines have published cards denying that steerage passengers by their vessels are not properly taken care of.

SAN FRANCISCO, Sept. 26—Nearly twenty-four millions of treasure have been shipped hence since July 1st.

A telegram has been received which states the treasure on board the steamer Americas, burned at Yokohama, has all been recovered, but it is all melted, and run together in such a manner as to prevent identification.

British Citizenship For All Canadians.

The following letter to Sir John A. Macdonald, with the accompanying extract from the Allgemeine *Zeitung* (Augsburg *Gazette*) of August 8, 1872, speaks for itself. The evil referred to we have spoken of once and again, and urged upon our authorities the necessity for having a remedy applied by all naturalized citizens of Canada being placed, the world over, on the same footing, with the same privileges and protection as any other British subjects. Unfortunately this has not been done, and the consequence will, as is seen from the statement of the *Gazette*, exercise an injurious influence upon German immigration into Canada, and the thorough identification of those who come with Canadian institutions. It is a great deal more than time that such an absurd anomaly were rectified, and there is no sufficient reason why it should not have been long before this:—

MUNICH, Bavaria,
8th August, 1872.

To His Excellency Sir John A. Macdonald, K. C. B., Ottawa, Canada:

YOUR EXCELLENCY—In the Augsburg *Gazette* of this date, and several other prominent papers of Germany I find to-day an article about emigration to Canada, the tenor of which is detrimental to the interests sought to be attained by Your Excellency's Government and, I make haste to enclose you a copy of the paper with a translation thereof.

I have the honour to remain
Your most obedient servant,
ADOLPH HUGEL,
Vice-President Midland Railway, Canada.

Extract from the Allgemeine Zeitung (Augsburg Gazette) of August 9, 1872:—

"BERLIN—EMIGRATION TO CANADA.—The National *Gazette* reports that the Government of Canada has directed agents to repair to Germany to induce emigration from that country; and by the still prevailing inclination to emigrate it is to be assumed it can be directed thither to a greater or less degree.

Under these circumstances, it appears but proper to direct attention to a drawback connected with emigration to Canada.

Although a certain time of residence in that colony confers on the emigrant the same privileges in the country which the native-born citizen enjoys, yet out of Canada, in a foreign country, the English Government affords him no protection, nor will he receive a pass of the latter. He thus virtually becomes homeless or without a country.

This circumstance is of sufficient importance to arrest the attention of those desirous to emigrate there on whom their native country even far away looks with care."

Queen Victoria's Present to Stanley

[From the New York Herald, August 31st.

In recognition of his service in succoring the great explorer, Mr. Stanley received a note from the Foreign Office, accompanied by a magnificent gold snuff box set in brilliants. The note is as follows:

August 27th, 1872.—Sir: I have great satisfaction in conveying to you, by command of the Queen, Her Majesty's appreciation of the prudence and zeal which you have displayed in opening communication with Doctor Livingstone and relieving Her Majesty from the anxiety which, in common with her subjects, they have felt in regard to the fate of that distinguished traveler.

The Queen desires me to express her thanks for the service you have thus rendered, together with Her Majesty's congratulation on your having so successfully carried out the mission which you fearlessly undertook.

Her Majesty also desires me to request your acceptance of the memorial which accompanies this letter. I am sir, your most obedient humble servant. GRANVILLE.

HENRY M. STANLEY, Esq.

Our Ottawa Letter.

DOMINION OF CANADA.

OTTAWA, 24th Sept., 1872.

EDITOR STANDARD:—The elections in our part of the Dominion and the excitement attendent thereon being now over, your correspondent proposes giving you a resume, of operations and of the position of political affairs as they now stand. There were in the last House of Common prior to the admission of British Columbia and Manitoba, 181 members,—82 from Ontario, 65 from Quebec, 19 from Nova Scotia, and 15 from New Brunswick. At the opening of the first session the Government, though strongly maintained in Ontario and Quebec, found the Nova Scotia representatives arrayed against it in a solid phalanx with the single exception of Dr. Tupper. Of the New Brunswick members it could hardly count one half. It had in Ontario a majority of 16, and in Quebec of 25, giving a total of 103 to 79 Opposition, or a majority in favor of the Government of about 23. As time wore on, this majority received accessions from Nova Scotia, whose members began to awaken to a sense of the foolish part they were playing. Then came at the fourth session, three members from Manitoba, and in the last session six members from your Province, all of whom cast their lot with the Administration. In this way the Government strength increased towards the close of Parliament, when on any test question it could rely with certainty upon a majority not much less than forty.

The elections which are now over have produced several changes, sectional majorities have in some instances been reversed. But in the aggregate the Government at the opening of the second Parliament will have a much larger majority in the House of Commons, than it had at the opening of the first Parliament, as large indeed as at any time throughout that Parliament, with the exception of the majority on the second reading of the Treaty Bill.

THE DEFEAT OF SIR GEORGE E. CARTIER in Montreal, is in itself of slight import, and the result of that election simply inconveniences the gallant baronet by causing him to find a seat elsewhere, six different constituencies having been already offered to him. It is not the first time he has been beaten, and it is a thing that has occurred before in the record of several prominent statesmen, such as Peel, Brougham, Gladstone, and others. City constituencies are fickle to a degree; the causes which influence the elections in them are multiform, and not always capable of being checkmated.

THE ELECTIONS JUST OVER have strengthened the knowledge that the old leaven of sectionalism is still working among the Opposition of Ontario. Their entire conduct has been calculated to repel rather than attract the other Provinces; the interests of the Dominion have been kept out of view, before the ever present necessity of pushing forward a sectional majority. In a country which now extends from ocean to ocean, and the party cry of one Province against another should be considered as over; but the Opposition appealed to every sectional and sectarian feeling and prejudice. They raised the Protestant cry in every constituency where the Government were represented by a Roman Catholic candidate; they called in the aid of the League against Protestant candidates of the party of progress; they preached Anti-Unionism and Annexation in Nova Scotia; Independence and Red Republicanism in Quebec; and yet, in spite of all their efforts, have been irretrievably beaten. Never were men more thoroughly in earnest in a bad cause, than the leaders in the Opposition. But they have been beaten, and they know it. Their leading organ, the *Globe* of Toronto, does not dare to attempt a classification of all the members elected to the Dominion Parliament, because it knows full well that it would be compelled to show such a large majority in favor of the Government as would strike terror into the hearts of the Grit rank and file. It knows that when the House meets, the administration of Sir John Macdonald will be largely sustained.

THE FOOLISH IDEA HAS BEEN SET AFLOAT by some of the Opposition, that because Sir John "is an Ontario representative, and because his opponents have a small majority against him in his own Province, he will have to resign"! Never was greater nonsense heard than this. The Dominion Government have to do with Dominion questions only, and it is a matter of little importance whether the Premier has a majority from his own Province or not, so long as he has a majority on the floor of the House. The reason why Sir John was behind in his own Province is because he was true to those principles upon which the coalition government of 1864 was formed. He knew that Confederation might lead to weaken his influence in Ontario, but when Mr. Brown resigned and sought to awaken sectional feelings against his rival, Sir John did not, like him, withdraw his hand from the plough, but went on with the great work of union, believing that he was thereby doing his duty to his Queen and to his country, and that from them he would receive his reward. The result has proved that his belief was correct;

OUR GRACIOUS SOVEREIGN HAS HONORED SIR JOHN with distinctions never before enjoyed by a colonial statesman, and the people of Canada have in the elections, expressed their approval of his conduct.

The appointment of the Premier to a position as a member of the Imperial Privy Council, gives universal satisfaction; it confers on him the title of Right Honorable, but there is not, as has been asserted, any emolument accompanying it. It is simply an honor conferred upon him as a mark of Royal approbation; he will probably leave for England very shortly to be sworn in, as it is necessary that that ceremony must take place in the presence of the Queen.

VERY LITTLE LOCAL NEWS of any importance is worthy of record since my last. Death has been busy; amongst whose victims W. B. Lindsay, Esq., Clerk of the House of Commons, has been numbered. His place has not yet been filled.

We have had intensely hot weather this summer, and the harvest has been a very large one. Labor is very high, business never was more prosperous, and everything betokens the greatest prosperity for some time to come.
